Summary:

With this project we will strive to complement the direction of development of civic thinking and awareness among young people locally, which in recent years is already developing at a good pace. We will strive to give volunteers and young people with whom we will work an opportunity for self-expression, at least slightly expanding their knowledge of social problems and issues, to stimulate their interest in current topics of modern life, including strengthening their European self-awareness. In this regard, we will contact and work with other organizations from the city and the region, which offer opportunities for training and non-formal learning in this area and are already actively working. Specific objectives of the project:

- Giving young people a voice on current local, regional, national and European issues; in order to strengthen civic self-awareness and critical thinking. Doing radio debates with students from the city;
- establishing a civil dialogue with the participation of young people from the local community and EKŞ volunteers on current social issues and problems by making a daily radio broadcast in English in the form of an afternoon radio block with the participation of young people from Šliven;
- to strengthen the civic culture of young people, as a result of experience and work in web media; to spread democratic and

European values; to present the media as an instrument of civil society;

- to strengthen the use of the Internet and digital technologies in youth work; to train young people in working with web media and the tools needed for this;
- to understand how the life of young people in the situation of Pandemic, what are their expectations, understandings, what is their attitude to the rights and obligations that relate to it
- to establish lasting partnerships with youth organizations from the city, working in areas similar to the theme of the project, in order to work together in the future in organizing various trainings, events and projects;
- to give publicity to the youth activities in Sliven;
- to promote the European Solidarity Corps program and volunteering, non-formal learning; presenting opportunities for learning, intercultural experience, work and travel in Europe;

In the project "Grab the Mic – Build a community" will participate 4 European Solidarity Corps volunteers from different Programme and Partner countries. *There will be one action – A1 in that project: 4 people for 12 months (1st of June 2021 – 31st of May 2022)*

Yours Sincerely

The last video is made by EVS volunteers in Bulgaria. One of them was in our organization. It is important – Bulgaria is a bit different than the other EU countries – both in a positive and negative way. Not to have some dissappointments and different expectations. The volunteers can do really good work here and have a lot of fun, but if they focus on the bad sides might be not satisfied.
